Areas of the County where services are provided.

In your original grant application, you were asked:

Which geographic areas of the County is this request designed to specifically serve or benefit? How many people from each geographic area will you serve with this request? If you do not serve people from a specific area of the County, please enter 0.

For your **impact report**, please provide the **actual number of people served** in each geographic area during the grant period. If your project did not serve a particular area, please enter **0** for that area.
